

Museum Expectations

The museum is full of irreplaceable artifacts that are part of our city and county's history. We ask that food, candy, and gum be kept out of the galleries. Closable water bottles may be carried.

We ask that all teachers and chaperones stay engaged with their student or group of students throughout the entirety of the tour. Please refrain from changing tour details that were agreed upon earlier. These changes may affect other tours, classes, or staff schedules.

Sometimes the museum has other visitors who are also trying to learn. Please walk, not run, at all times and use your quiet, indoor voice to be respectful of others.

Interactives and handling artifacts in the museum are to be used with care so that others may learn from these items as well.

You may take pictures of the items in the museum, but we ask that the flash be turned off.
